

Checklist for IT Project I Corrections			
<input checked="" type="checkbox"/>	Choice of correct topic		
<input checked="" type="checkbox"/>	Do not use paraphrasing tools		
<input checked="" type="checkbox"/>	Title Page		
<input checked="" type="checkbox"/>	Abstract Page		
<input checked="" type="checkbox"/>	Acknowledgement Page		
<input checked="" type="checkbox"/>	Approval Page		
<input checked="" type="checkbox"/>	Agreement Letter		
<input checked="" type="checkbox"/>	Declaration Page		
<input checked="" type="checkbox"/>	Table of contents		
<input checked="" type="checkbox"/>	List of Tables		
<input checked="" type="checkbox"/>	List of Figures		
<input checked="" type="checkbox"/>	List of Abbreviations		
<input checked="" type="checkbox"/>	References		
<input type="checkbox"/>	Appendices		
<input checked="" type="checkbox"/>	Report Text Times New Roman 12		
<input checked="" type="checkbox"/>	Heading Times New Roman 14		
<input checked="" type="checkbox"/>	Single Line Spacing		
<input checked="" type="checkbox"/>	Alignment Justified		
<input checked="" type="checkbox"/>	Margins (Top: 2 cm, Right: 2 cm, Left: 4 cm, Bottom: 2 cm)		
<input checked="" type="checkbox"/>	References in APA format (no bullets or numbering)		
<input checked="" type="checkbox"/>	Sufficient Reference list (10 journals + 15 references = minimum 25 references, 5 youtube videos and 5 newspaper)		
<input checked="" type="checkbox"/>	All page numbers should be printed 1.0 cm from the bottom margin and placed at the right hand side without		
<input checked="" type="checkbox"/>	Title page is the first page of the prefatory section, no number is printed on it. Numbering begins on the second page		
<input checked="" type="checkbox"/>	The table title is placed single space above the table itself.		
<input checked="" type="checkbox"/>	The title for the figures needs to be placed single space at the bottom of the figure rather than at the top.		
<input checked="" type="checkbox"/>	Citations		
<input checked="" type="checkbox"/>	The most serious breach of ethical standards in writing Project Paper is the offense of plagiarism, the expropriation of		
<input checked="" type="checkbox"/>	Citation Format - It takes leadership to improve communication. (Schwalbe,2010).		
<input checked="" type="checkbox"/>	Abstract		
<input checked="" type="checkbox"/>	It should be your own creation		
<input checked="" type="checkbox"/>	Abstract summarizes the structure of the whole text and facts it contains.		
<input checked="" type="checkbox"/>	It should be between 300 and 500 words in length.		
<input checked="" type="checkbox"/>	It should be only one paragraph.		
<input checked="" type="checkbox"/>	abstract should include what, why, how, so what and also structure of the report		
<input checked="" type="checkbox"/>	Introduction		
<input checked="" type="checkbox"/>	Background of the system		
<input checked="" type="checkbox"/>	Problem Statement		
<input checked="" type="checkbox"/>	List of the current system restriction, research gap of the existing system		
<input checked="" type="checkbox"/>	Problems that the current system have		
<input checked="" type="checkbox"/>	At least 3 problem statements well written in complete sentences		
<input checked="" type="checkbox"/>	Do not compare with manual systems, compare with the systems mentioned in your literature review.		
<input checked="" type="checkbox"/>	Problem statements should be based on facts, not your opinions or assumptions		
<input checked="" type="checkbox"/>	Do not write vague or immeasurable problem statements and objectives.		
<input type="checkbox"/>	Dataset must be mentioned in Appendix.		
<input checked="" type="checkbox"/>	Each problem statement should relate to at least one objective		
<input checked="" type="checkbox"/>	The existing system being expensive cannot be considered as a problem		
<input checked="" type="checkbox"/>	Objectives		
<input checked="" type="checkbox"/>	All the features that you want to develop (new features or enhancement)		
<input checked="" type="checkbox"/>	At least 5 objectives well written in complete sentences.		
<input checked="" type="checkbox"/>	Begin your objectives with "To"		
<input checked="" type="checkbox"/>	Each Objective should be the rectification of at least one problem statement.		
<input checked="" type="checkbox"/>	Scope		
<input checked="" type="checkbox"/>	Focus on the system based on the objectives		
<input checked="" type="checkbox"/>	Relate objectives to the scope		
<input checked="" type="checkbox"/>	Target Groups		
<input checked="" type="checkbox"/>	Methodology		
<input checked="" type="checkbox"/>	Selection of correct methodology for the project		
<input type="checkbox"/>	Include diagrams and development process		
<input checked="" type="checkbox"/>	Software Tools		
<input checked="" type="checkbox"/>	Conclusive explanations or reasons for choosing the appropriate software tool		
<input checked="" type="checkbox"/>	Conclusion of Chapter 1		
<input checked="" type="checkbox"/>	Conclude your Chapter 1 only, not your entire report		
<input checked="" type="checkbox"/>	Literature Review		
<input checked="" type="checkbox"/>	Complete LR Framework		
<input checked="" type="checkbox"/>	Citation in author year format at the end of the sentence.		
<input checked="" type="checkbox"/>	Relevant citations (only include the academic papers that you have read and are relevant to your project.)		
<input checked="" type="checkbox"/>	Show thorough knowledge of the research, theory, concepts, ideology and opinion related to the title		
<input checked="" type="checkbox"/>	Make aware that the review is selective		
<input checked="" type="checkbox"/>	Show critical analysis of the review		
<input checked="" type="checkbox"/>	Does the review reveal the relation between what has previously been done by others and what is proposed in this		
<input checked="" type="checkbox"/>	At least 10 academic literature (latest 10 years)		
<input checked="" type="checkbox"/>	At least 10 comparison systems (5 local or regional and 5 global)		
<input checked="" type="checkbox"/>	Suitability of comparison systems		
<input checked="" type="checkbox"/>	Comparison table		
<input checked="" type="checkbox"/>	How your system is different than other systems		
<input checked="" type="checkbox"/>	Conclusion (Conclude your chapter 2, not your entire report)		
<input checked="" type="checkbox"/>	Methodology		
<input checked="" type="checkbox"/>	Justification of selected methodology		
<input checked="" type="checkbox"/>	Use case diagram (mention all use cases based on the objectives)		
<input checked="" type="checkbox"/>	Use case description (no. of use cases = no. of written use case)		
<input checked="" type="checkbox"/>	Activity diagram (include all use cases in the activity diagram)		
<input checked="" type="checkbox"/>	Sequence diagram (include all sequences)		
<input checked="" type="checkbox"/>	Class diagram (with explanation)		
<input checked="" type="checkbox"/>	Conclusion (Conclude your chapter 3, not your entire report)		
<input checked="" type="checkbox"/>	Additional Attachments		
<input checked="" type="checkbox"/>	Also submit the raw files for the diagrams you have made	https://drive.google.com/drive/folders/1WQdTf3Fhwz700VGzGKK6avla97wtva8A?usp=sharing	
<input checked="" type="checkbox"/>	Poster (LMS)		
<input checked="" type="checkbox"/>	logbook (LMS)		
<input checked="" type="checkbox"/>	Final Report (LMS)		
<input checked="" type="checkbox"/>	Presentation Approval Form (LMS)
